

# Qasim Qayyum

Software Engineer (AWS Certified Solutions Architect)

I care deeply about organizational health and principled leadership, as these are the greatest drivers for any team to harness its maximum potential. I like building things that need to get big. Whether that is technology or a business, I am interested in how to scale them. I believe in democratizing business creation, simplifying operation and driving innovation by providing a low cost, scalable and reliable infrastructure.

### MERN Developer

Blank Slate

11/2021 - 11/2022

Lahore, Pakistan

Achievements/Tasks

- I have done a lot there like getting my AWS Solution Architect certification and getting experience doing code on frontend as well as backend projects.
- In FrontEnd work in ReactJs(Components, Props, Hooks, Redux) html5, CSS3 ( bootstrap, tailwind, SCSS, FlexBox, grid etc ) Figma for designing and prototyping webpages.
- In Backend work in making environment, connecting with mongoDB, restful APIs, sessions, cookies, token expiry, authentication and authorization with auth0 etc.

### FrontEnd Developer

Black ibex

09/2021 - 10/2021

## CERTIFICATES

AWS Certified Solutions Architect - Associate (04/2022 - 04/2025)

Verification Code: 8DDHRCMDNJFE11KV

MERN Stack BootCamp (01/2023 - 03/2023)

Certification from Techlift MERN STACK BOOT CAMP (Co-Hort 4)

## ACADEMIC PROJECTS

Shadi.com (01/2023 - 02/2023)

- I make a website quite like Shadi.com for complete the Certification from TechLift at PNY Trainings.
- From UI/UX => FrontEnd => BackEnd,

PortFolio (07/2022 - 09/2022)

- I Make my personal portfolio Website using ReactJs( ReactBootstrap, JSX elements, Props, Hooks) etc.
- There is all project that i have made as a frontend developer except company's client projects.

wayForward: write the script of the future. (11/2020 - 05/2021)

- wayForward is a helping website for students and teachers like stack overflow. We use tools and technique in this project are React JS , Node JS , MySQL , VS Code , phpMyAdmin and get A- Grade from university pannel in that final year project.

Library Management System

- Semester project in Dev C++ using Data Structure LinkList
